

Occupational Therapist / COTA

PACT Institute is a pediatric therapy clinic in Hopkins, MN. What is distinctly different about PACT's programming is how each child's individualized therapy services are threaded within a developmental peer-based curriculum. Our mission is to enhance the acquisition and functional use of developmental skills related to speech/language, social pragmatics, sensory processing, regulation, motor development, cognition, and social interactions.

We are seeking to add a positive and creative occupational therapist and/or certified occupational therapy assistant to our team. This is a unique opportunity to provide therapeutic interventions within an activity-based social curriculum. PACT's therapeutic model integrates a multidisciplinary approach among speech and occupational therapists, offering valuable and rewarding opportunities for collaboration and enhanced service provision.

For our therapy staff, PACT provides a balanced schedule allowing time for administrative duties, continuing education opportunities, teaming, consultations with families and outside professionals, as well as general flex time. Our client schedule is set at productivity levels notably lower than many other clinical settings.

Requirements OT:

- Master's degree from an accredited Occupational Therapy program
- Minnesota Occupational Therapy license or temporary license
- Valid certification with National Board for Certification in Occupational Therapy (NBCOT)

Requirements COTA:

- Associate degree from an accredited Occupational Therapy program
- Minnesota Occupational Therapy license or temporary license
- Valid certification with National Board for Certification in Occupational Therapy (NBCOT) as a Certified Occupational Therapy Assistant (COTA)
